

Ladies and gentlemen, as many of you already know, numerous people in Valencia have lost their homes, jobs, businesses, cars and some even family and friends in the devastating floods over the last weeks.

Music for Valencia is a solidarity initiative by musicians from Valencia to raise money for those most affected through benefit concerts.

In collaboration with the José Luis López Foundation and the cultural and charitable association “Familia Arcàdia”, both based in Valencia, the money raised will go directly to the local businesses and households most affected.

Thank you for your solidarity.
